

# STATE/BASIN AREA INTERIM CONSERVATION PRACTICE STANDARDS

## March 2004

PRACTICE NAME	PRACTICE CODE	DATE OF ISSUE	STATE	PRACTICE DEFINITION
Agricultural Fuel Containment Facility	701	10/96 10/96	WV NY	Area to contain possible fuel spills
Agrichemical Mixing Facility	702	11/98  8/97 9/97 8/97  11/97 9/97 4/98 8/97 1/00 9/97	AL CO FL GA ID MD MI MS PA PB NY RI VA WV VT	Structure to provide an environmentally safe area to mix on-farm chemicals such as pesticides and fertilizers  Currently being converted to a National Standard
Agrichemical Mixing Station, Portable	703	12/98	AL FL	Portable device to be used in the field for mixing chemicals, filling spray tanks, etc.
Agroforestry Planting	704	8/97	CA	Establishment, harvesting, and maintaining forestry plants to control water
Air Management	705	8/97	CA	Combination of treatments for managing air and other resources to improve air quality
Barnyard Runoff Management	707	9/97 9/97 9/97	VT PA NY	Runoff management from barnyards and other livestock areas
Cistern	708	9/97	WV	Water storage structure constructed for storing runoff from roof areas
Coastal Wetland Vegetation Establishment	710	6/96		Establishment of vegetation in areas of critically eroding coastal wetland and associated coastal estuaries
Controlled Livestock Lounging Area	711	3/93	NC	Area for livestock lounging
Drafting Basin	712	9/92	IN	Permanently installed pipe assembly to provide access to a dependable water source for purposes such as fire protection IN plans to include 712 into Dry Hydrant Standard

**STATE/BASIN AREA INTERIM CONSERVATION PRACTICE STANDARDS**

PRACTICE NAME	PRACTICE CODE	DATE OF ISSUE	STATE	PRACTICE DEFINITION
Dune Stabilization	713	7/96 4/91		Control movement of sand dune for shifting sand by vegetative or mechanical means
Floodproofing	714		NC	Combination of changes to an individual building to minimize flood damage
Furrow Diking	715	7/90 2/87		Small earthen dikes in furrows after crop planting to hold soil moisture from runoff
Livestock Shade Structure	717		FL AL VT	Portable metal frame structure with mesh fabric roof to provide shade for livestock.
Milking Center Wastewater Treatment System	719	8/97	RI	System of components to condition milking center wastewater
Pollution Retention Reservoir	720	10/91	MS	Impoundment reservoir to trap and store nonpoint source pollutants from ag lands
Rangeland Fertilization	721	8/97	CA	Adding plant nutrients to the soil
Road/Landing Removal	722	8/97	CA WA	Removal of logging road and landings.
Roofing for Runoff Control	724	1/89 10/96		Roofing to divert precipitation from areas that concentrate agricultural wastes.
Sinkhole and Sinkhole Area Treatment	725	11/97 3/98 2/97 2/97	PA WI MN MD	Method of treating sinkhole areas to reduce contamination of ground water resources
Slope Roughing	726		GA	
Snow Harvesting	727	2/92		Artificial barrier constructed near a earthen storage reservoir to collect drifting snow
Stream Crossing	728	6/97 12/98 9/97 9/97 9/97 9/97	TN AL WV GA MS OK MD VT	Trail or travel way constructed across a stream for livestock, people, or equipment  Currently being converted into a National Standard
Controlled Stream Access for Livestock Watering	730	04/99	NC GA	Facility that will provide livestock for limited access to streams for drinking water

**STATE/BASIN AREA INTERIM CONSERVATION PRACTICE STANDARDS**

PRACTICE NAME	PRACTICE CODE	DATE OF ISSUE	STATE	PRACTICE DEFINITION
Well Testing	731	9/97 9/97 9/97 9/97	VT WV NY MD VA	Biological and chemical testing of rural household water supplies.  Currently being converted to a National Standard
Waste Water Irrigation	732	7/97	AL	AL recommends that 732 be withdrawn
Cross-Slope Farming	733	6/00 3/98	NC NJ	Aligning rows so that tillage, planting and other operations are performed across the slope.
Covered Anaerobic Lagoon	735	7/96	NH	Lagoon designed for methane production and recovery  Converted to a National Standard June 2003
Soil Salinity Control	738	8/97	CA	Reducing or maintaining and managing soil salinity/sodicity levels for agriculture
Hillside Bench	739	8/97	CA	Excavated ledge, earth embankment, or a combination constructed on a hillside
Vegetative Buffer Strip	741	8/97 8/97	CA ID	Establishing rows of narrow strips of herbaceous vegetation across cropland
Cut Bank Stabilization	742	8/97	CA	Stabilize and treat cut banks with vegetation or structural measures to stop erosion
Improved Water Application	743	8/97	CA	Interim actions to improve irrigation water application before new system is complete
Land Grading	744	8/97	CA	Altering the surface of the land to meet the requirements of the planned facilities
Stream Corridor Improvement	745	8/97 10/99	CA MT	Restoration of a modified or damaged stream
Rice Water Control	746	8/97 9/97	CA LA	System of level or graded basins for the efficient distribution of rice irrigation water
Record Keeping	748	7/93 8/97 9/97 9/97 9/97	VT RI NY WV MD	Recording of management operations
Waste Field Storage Area	749	9/97 9/97 12/98	VT NY AL TN	Field storage area suitable for temporarily storing of stackable manure
Cross-Slope Block Farming	750	9/97	HI	System whereby farming operations leaves ridges and furrows across the slope

**STATE/BASIN AREA INTERIM CONSERVATION PRACTICE STANDARDS**

PRACTICE NAME	PRACTICE CODE	DATE OF ISSUE	STATE	PRACTICE DEFINITION
Infiltration Ditches	753	1/03	PR	
Well Plugging	755		FL	Placing plugs at specified depths into a well to protect the ground water from surface water pollution.
Livestock Use Area Protection	757	12/99 9/97 5/01	OH WV AK	Protecting areas used for livestock, by surfacing with suitable materials
Strip-Intercropping	758	8/97	MI	
Riparian Buffers-Vegetative	759	8/97	MI	
Surface Wetting	760	8/97	ID	
Agro Tillage	761	8/97	ID	
Planned Grazing System	762	8/97	OH	OH does not claim 762 & 763. Suggest that we withdraw these two standards.
Woodland Pruning	763	8/97	OH	
Rinsate Management	764	02/98	PA	Management of rinse water from Dairy Barns
Silage Leachate Collection and Transfer	765		NJ	Management of leachate from silage storage facilities
Native Plant Community Restoration and Management	767	6/98	AK	Restore, maintain, and enhance native plant communities on sites impacted by anthropogenic disturbances. Required by FSA to allow CRP land to revert to natural windbreaks.
Vegetated Sinkhole Buffer	768	6/01	PR	Vegetated buffer zone up-gradient from a sinkhole and adjacent area
Snow Fence	770	10/00	AK	An artificial barrier constructed to collect drifting snow. To provide supplemental water for livestock, fish and wildlife, recreation, cropland or other purposes.
Temporary Steel Windbreak (Windbreak Structure)	771		NE MT	Temporary windbreak constructed of metal panels. May or may not be portable. (Materials may include wood or fiberglass)
Land Reconstruction, Brine Damaged Land	773		IN	
Restoration of Compacted Soils	775	10/99	NJ	Restoration of soils adversely affected by the application of mechanical forces applied during agricultural operations, construction regrading or other land disturbing activities.
Residue Management-Direct Seed	777	02/00	ID OR	Management: Amount, orientation, distribution etc. of crop and other plant residues on soil-surface year round, while growing crops in narrow slots, or tilled or residue-free strips in soil previously untilled by full-width inversion implements
Long term No-Till	778	06/00	NC	Planting all crops for at least five consecutive years ...
Livestock Cooling Pond	779	07/00	FL	Water impoundment made by excavating a pit or dugout with a ramp for livestock access

**STATE/BASIN AREA INTERIM CONSERVATION PRACTICE STANDARDS**

PRACTICE NAME	PRACTICE CODE	DATE OF ISSUE	STATE	PRACTICE DEFINITION
Pathogen Management	783		NY	
Wastewater and Feedlot Runoff Control	784	4/02	MN	
Corral Dust Control	785	10/02	WY	To control dust within feed lots and corrals
Alum Treatment of Poultry Litter	786	9/02	AR	Treatment of waste to control phosphorus
Storm Water Wet Detention/Chemical Treatment System	787	10/02	FL	Treatment of runoff from cropland or other agricultural land before release on the farm. (No. and Ac-Ft)
Irrigation Water Conveyance – Modular Polyethylene Ditch and Canal Lining	788	11/02	NM	Use of a new product for canal lining.
Transition to Organic Production	789	11/02	NY ME VT	Utilizing agricultural management strategies while transitioning from conventional to organic production.
Grade Stabilization Structure – Tire Bales	790	1/03	NM	Using tire bales for grade stabilization
Odor Management	791	2/04	NJ	Managing odor at the urban/rural interfaces
Solid Waste Separation Facility	792	2/04	TX	To separate manure and/or other solids from a liquid waste stream in order to meet specific waste management system objectives.
Invasive Plant Species Control	793	3/04	MI	The control of invasive plant species whose presence is or is likely to cause economic or environmental harm or harm to human health.
